## A SPECIALIST SAYS:

"Piles Can't Be Thoroughly Cured By Outward Treatment."  
Dr. I. S. Leonhardt, of Lincoln, Neb., the celebrated specialist, who has studied every phase of piles, says: "Piles can't be thoroughly cured by ointments, nor any other outside treatment. The cause is internal, and needs internal treatment." Dr. Leonhardt perfected Hem-Roid, the first internal pile cure. It frees circulation in the lower bowel, and has cured 98 per cent of cases.

## Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." ## SHIRT WAIST WORKERS

May Withdraw From the Laundry Workers' Union and Join the Garment Workers.

(Herald Special.)  
Indianapolis, Ind., Sept. 28.—The annual convention of the Shirt Waist and Laundry Workers' International Union began in this city today, with headquarters at the Hotel English. One of the principal matters to receive attention during the three days' session is the question of the withdrawal of the shirt waist workers from the laundry workers. The two occupations are at present represented in the one international, but the garment workers' organization is desirous of obtaining jurisdiction over the shirt waist workers and it is probable that the change will be satisfactorily arranged.

Best Treatment For a Burn.  
If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price 25 cents. For sale by Bratton Drug Co.

Big Minstrels Coming.  
An advance notice says: Richards & Pringle's Famous Georgia Minstrels, which appear at the New Temple Theatre Friday, October first, claim to have the best company they have ever carried. It's a large

one of the best examples of downright stubbornness of fighting and tenacity of contest in the judicial annals of Texas. It is exact to say that every inch of the state's advance was contested persistently and stubbornly, and that if the slightest slipping of a cog in the prosecution's machinery had occurred, or the most trivial thing for which it was unprepared had happened, the success of the state would not have been glorified by an uninterrupted succession of victories.

The state's motion to sell the property through the receivership afforded the last subject of contest. The company had paid the enormous fine of \$1,800,000 taxed against it for violations of the anti-trust law, and it was ready to comply with the decree of ouster, and made this argument to the attorneys for the state. The state's attorneys, however, stood pat in the position that a judicial sale should be had in order to reserve to the state the full force and effect of the ouster decree. The conference lasted a day, and at its expiration the state had again triumphed. No objection to the motion was made, and an order was entered accordingly. This is particularly notable when it is remarked that the determining question was indeed close, and without precedent.

one, numbering forty people, and includes a large number of well known names of the minstrel field. There will be a big street parade at noon and Simpson's Challenge Band will give one of their pleasing concerts.

## LAST ACT OF WATERS PIERCE

In Texas—A Little Drama Which Was Very Touching For a While.

Austin, Texas, Sept. 26.—The setting of the date of sale at public outcry of the Texas property of the Waters Pierce Oil company is perhaps the next to the last step in the concluding stage of this celebrated case. The sale will be held on December 7, and will be conducted by Robt. J. Eckhardt, receiver. When the court approves the terms of the sale and the deal is closed, the Waters Pierce Oil company will in reality retire from the state in conformity to the decree of ouster by the trial court and sustained by the supreme court of the United States.

Aside from the magnitude of the case, involving as it does millions of dollars, and aside from the excellence of prosecution and defense from a legal standpoint, this case furnishes

## SUFFERING ENDED.

Bratton Sells the Remedy That Cured Stomach Trouble of 14 Years.

And best of all Bratton guarantees it to cure you or money back. Read this:

"I have been a great sufferer for fourteen years; everything I ate gave me heart-burns. I have never been able to get anything that would give me any relief until a friend of mine insisted on my taking Mi-o-na. I took a 50 cent box and I believe I am entirely well."—F. M. Bryant, Newman, Ga., June 5th.

Mi-o-na is not a nostrum; it is the prescription of a celebrated physician who is a specialist in stomach diseases.

One clever woman calls Mi-o-na the Sunshine Prescription, because it changed her from a miserable, nervous dyspeptic into a bright, healthy, happy woman in a few weeks.

These little Mi-o-na tablets are surely wonder workers. They absolutely cure indigestion, whether acute or chronic.

They stop belching, gas in stomach, and heaviness, in a few minutes. Distress after eating vanishes as if by magic when one or two little Mi-o-na tablets are swallowed.

Only 50 cents a box at leading druggists everywhere, and in Palestine at the Bratton Drug Co. Test sample free form Booth's Mi-o-na, Buffalo, N. Y.
